

DRIED LIME PEEL

Composition

Natural peel obtained from the whole fruit of Citrus aurantifolia Swingle or Citrus latifolia or a mix of both.

Process

The peel is triturated, washed counter current wise, de-watered and gently dried in a proprietary rotary drier and packaged.

Additives

It is free from any additives.

Appearance

Mix of white, green and yellow flakes.

Contaminants

It is free from any foreign matter.

Packaging

Suitable clean and new polyethylene bags filled up to 50 kg net weight.

Markings

Each bag is clearly and permanently marked with the product designation, producer, country of origin, gross, net and tare weights, lot number, and date of production.

Storage Life

The useful storage life of this product is not less than two (2) years from the time of production when stored at ambient temperature in a dry warehouse.

Microorganisms

Coliforms, absent.

Color

Green, yellow and white.

Moisture Content

8.0% to 12.0%

Soluble Solids

Not higher than 15%.

Odor Typical citrus.

Particle Size < 15 mm

Pesticide Residues

Conforms to FAO/WHO Food Standards and/or user country regulations, whichever are the more stringent.

Trace Metals

Conforms to FAO/WHO Food Standards or user country regulations, whichever are the more stringent. Analytical methods are available upon request.
